JNCsolutions, Inc.™
A Global Solutions Company

JNC Solutions is Southern California's premier provider of business software solutions. We offer both custom and pre-packaged applications, designed to help organizations streamline complex operations and help leaders achieve their goals. The foundation of our company lies in our allegiance to our core values: "Integrity, Synergy, and Commitment."

- Client Testimonials -

Southern California Edison
"JNC has successfully completed updating Southern California Edison's 'Fields' software. JNC is highly committed to the project, the deadline, and to the development costs."
Charles Kim - PE

Dyntek
"JNC has successfully completed very highly visible projects under a tight time constraint with professionalism. I valued JNC's commitment to excellence, and continue to build a pro-fessional working relationship with on-going projects."
Lee Dereschuk - Dyntek
Microsoft Practice Director
